Education

University of Texas at Dallas, Ph.D. in Computer Science (expected 05/2030)	Aug 2026 – Present
University of Texas at Dallas, M.S. in Computer Science (GPA: 3.97/4.00)	Aug 2024 – May 2026
Jonsson School Dean's Graduate Scholarship	
National Institute of Technology Karnataka, B.Tech. in Information Technology	Aug 2017 – May 2021

Publications

- K. Rakesh and S. Wei. Contextual Associations Between Webpage Elements for Web Accessibility: An Empirical Study. Stage 1 Registered Report, in-principle acceptance, International Symposium on Empirical Software Engineering and Measurement (ESEM), 2026. arXiv:2606.27506.
- S. Vivek, K. Rakesh, and B. R. Mohan. Optimized Distributed Job Shop Scheduling Using Balanced Job Allocation and Modified Ant Colony Optimization. LNEE Vol. 888, Springer, 2022.

Research Experience

Graduate Researcher, UT Dallas – Software Testing and Analysis (Prof. Shiyi Wei)	Aug 2026 – Present
Graduate Researcher, UT Dallas – Automated Repair of Web Accessibility Labels (Prof. Shiyi Wei)	May 2025 – Aug 2026
- Formulated accessible-name repair as link prediction over the accessibility tree; the MLP beat the best heuristic by 0.34 mean Hit@10 - Built the capture and annotation pipeline: 5 sites, 2,500+ annotated element relations	
Research Project, UT Dallas – YouTube Bot Detection (Prof. Rishabh Iyer)	Aug 2025 – Dec 2025
- Compared six MobileNet and ResNet configurations for bot-avatar triage under a recall-first criterion, flagging every bot in the validation set at 84% precision - Built the collection and annotation pipeline over the YouTube Data API (80K comments, 10K channels screened via a custom OpenCV tool) and mapped the coordinated networks in Neo4j: 200 bot channels funneling to 35 shared spam domains	

Industry Experience

Software Engineer, Maybank – Bangalore, India	Jun 2021 – Jul 2023
Designed and built the 40+ endpoint backend for a loan-origination module (Java/Spring, React) deployed to 3,000+ bank branches in Malaysia; mentored three interns	

Teaching & Leadership

Teaching Assistant, UT Dallas – Data Structures and Algorithms	Aug 2026 – Present
Grader, UT Dallas – Automata Theory, Advanced Algorithms; 180+ students	Aug 2025 – May 2026
Captain (2020–21), NITK Basketball – 17 players; inter-NIT Nationals 2018–20	2018 – 2021
Editor, Rotaract Club of NITK blog; bassist, NITK Music Club (Saarang, IIT Madras)	2018 – 2021

Technical Skills

Languages: Java, Python, JavaScript, SQL
Tools: JUnit, Maven, Git, PyTorch, scikit-learn, Neo4j
